“Convenience, Accuracy & Dignity”

### EMPLOYEE BACKGROUND CHECKS - **CAN YOU AFFORD NOT TO?**

How comfortable are you with the safety and security of your employees? Should you be concerned about a future threat of negligent hiring practices? Recently a Chicago firm had reason to wish they had answered those questions. They are faced with a multimillion dollar lawsuit after the death of an employee by another employee with a violent criminal record. Management personnel had undergone background checks but not employees at other levels.

Patriot Drug & DNA Testing, Inc. has joined forces with Aurico Reports to provide the nations highest quality service for background screening at competitive pricing. A variety of background screenings are available, including the National Sex Offender registry search, state and county criminal record search, driver history reports and employer, reference or education verifications. Clients range from the Fortune 100 to small business, nationally and internationally.

Quarterly customer satisfaction surveys provide Aurico Reports with consistent, glowing reviews of their personnel and technology. “Responsiveness of personnel and ease of use of the website” are two key ingredients that have their clients giving them a total satisfaction rating of 9.4 on a scale of 1 to 10.

Service means getting an answer to a question or a problem...not voice mail. Aurico Reports personnel are trained to answer the phone quickly and resolve any issue on the spot or to continue working the issue until resolved. They are unique in the industry due to their 24/7 website access along with e-mail notification of search results.
